WHO WE ARE

Our mission is to canvas the world with structures and aesthetics. Our stretch tents are made to offer elegant and graceful solutions. They incorporate the landscape and adapt to almost every scenario; from narrow and confined gardens to undulating fields, from concrete urban areas to the highest rooftops.

Our team is a collective of professionals; our account managers are reactive, our riggers are adaptable and courteous and our designers are innovative.

We are dedicated to completing every job with excellence and attention to detail. From design to finish, from build to break, Stretch & Tents is a lifestyle choice.

Director
Alex Hoogewerf

OUR TIMELINE

2012

Born out of love. The company was founded on St Valentine's day in a small single garage.

2013

The year of the snake brings success to S&T. We fabricated "The Queen of Sheeba" the World's largest orange stretch tent.

2014

From a small garage to UK wide S&T lands in Scotland; expanding its operation across the entire Country.

2015

Our employee numbers increase. Our company headquarters move to into a slick new office.

2016

The year of innovation. We invented a new rig style called the "Telegraph Brace". S&T keeps growing bigger.

2017

Scottish Ops is born. A new dedicated team tailored to take care of Scottish business. S&T completes a challenging build in Paris.

2018

A New Warehouse and new office move; S&T relocates to Wandsworth. A ski trip brings cohesion and strength to the team.

2019

The team is bigger than ever! Peggy the dog joins the team. We find our feet in a purpose built warehouse unit ready to tackle 2020.

2020

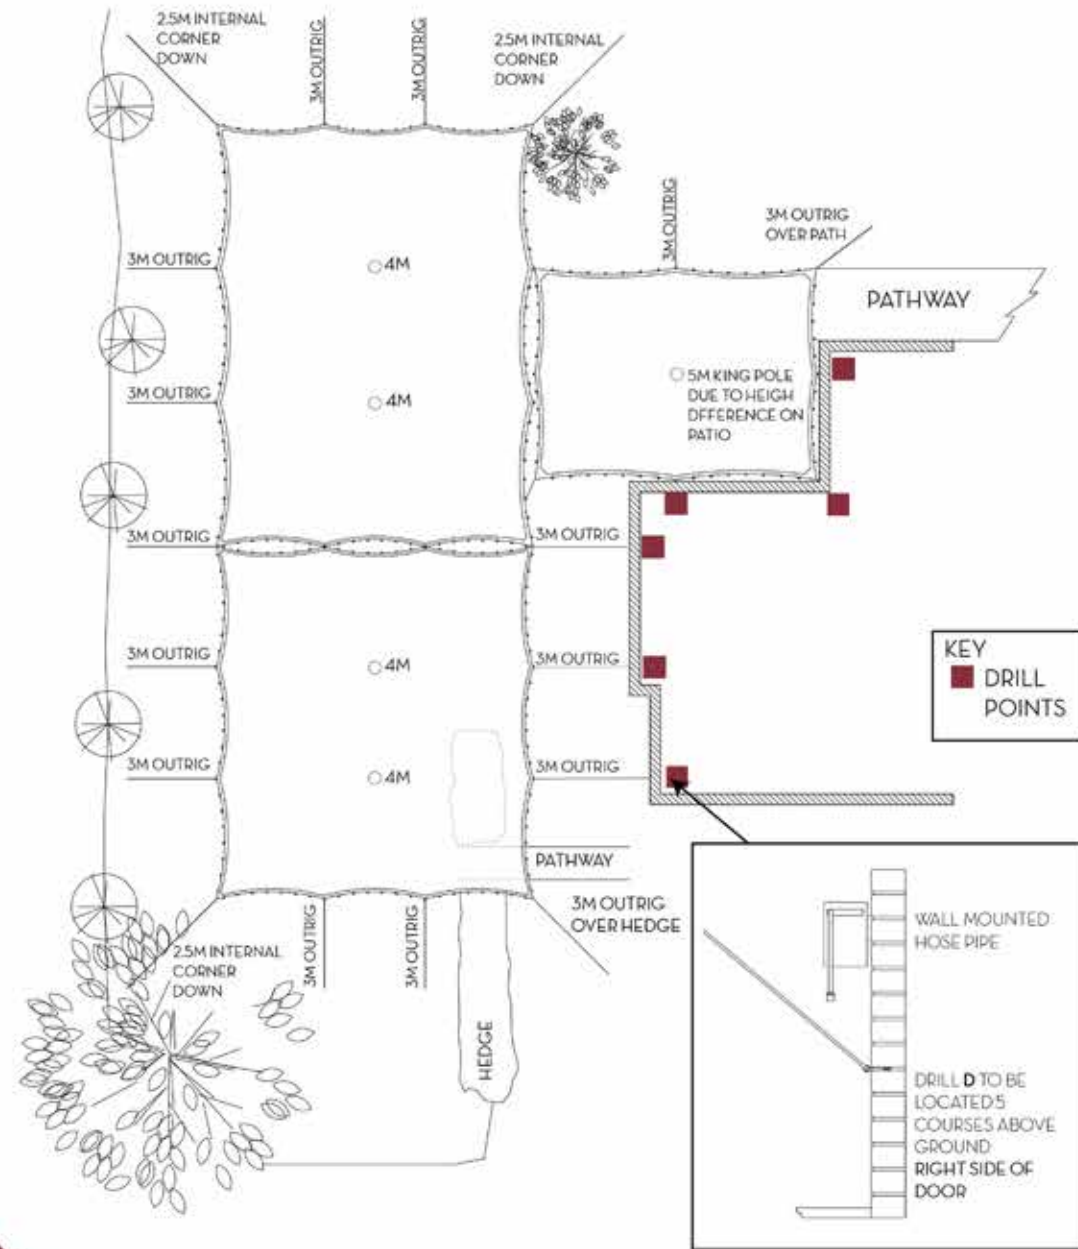

The Year starts well, lots of bookings, a fantastic rig at The Pub2020 Show Olympia. Watch this space...

HOW DO WE START
YOUR JOURNEY?

DESIGN PROCESS

FLOOR PLANS

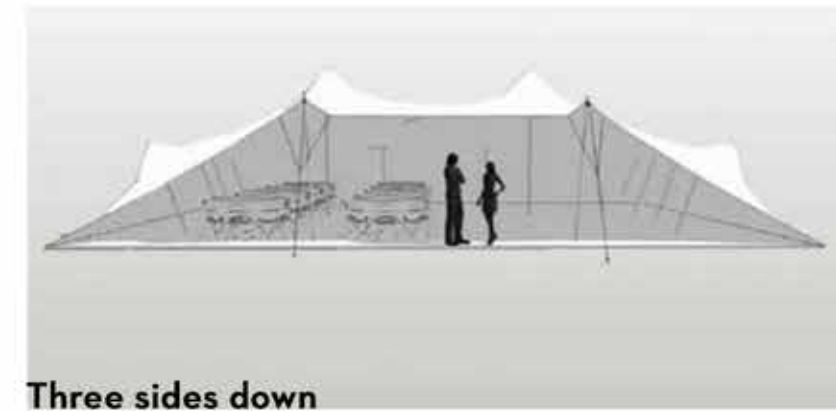

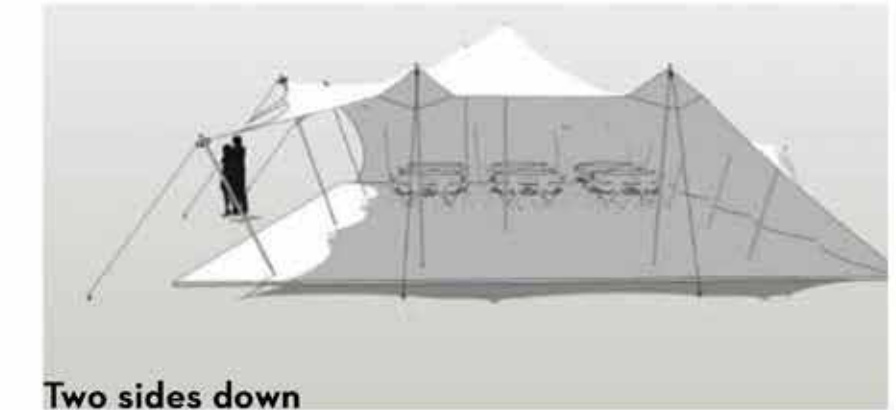

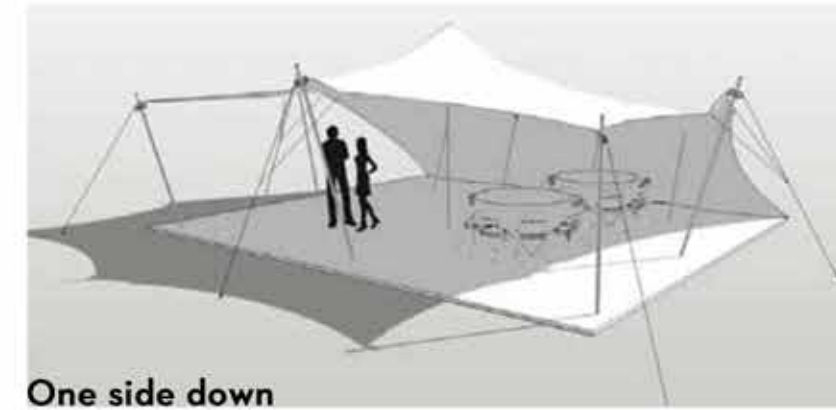

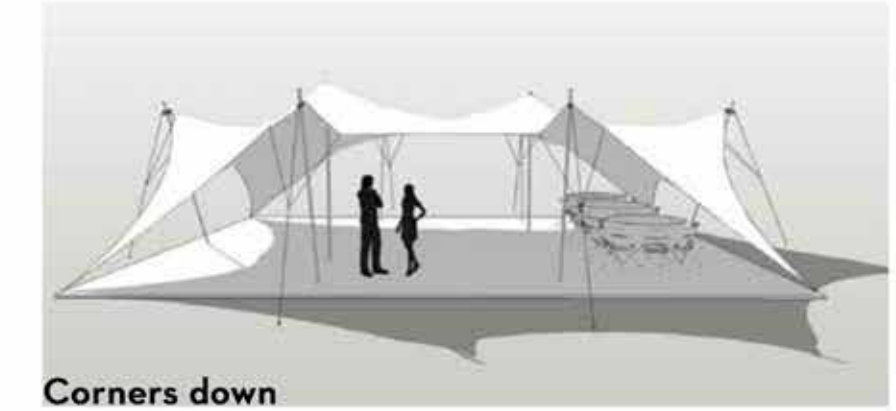

We will put together a floor plan for your event at no extra cost. Why not ask us about our floor plan bank to see various rig styles and canvas sizes.

DESIGN STAGE

Our designers can create a bespoke three dimensional image of your tent with full production visuals. This will bring your event to life before a marquee stake has been struck!

TENT RIGGING OPTIONS

We have the ability to manipulate our stretch tent canvas to sculpt and fit to the surrounding area of your event. From all sides up which allows for a full scenic view to three sides down creating a cosy setup perfect for an evening dinner. Our in house team can guide you on the best rigging style.

TENT COLOURS

We have a wide range of coloured canvas to make your event stand out.

WHITE

SILVER

CHINO

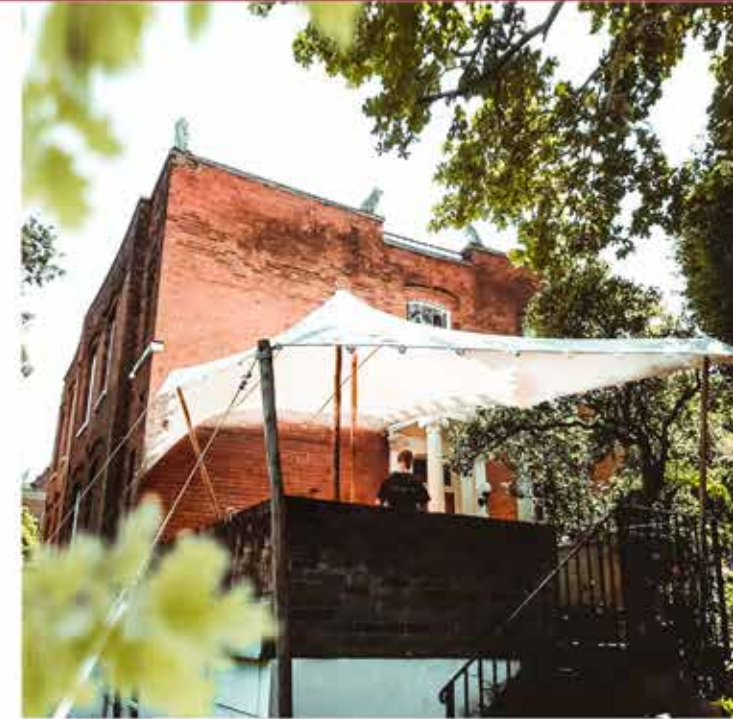

ORANGE

PINK

BLUE

BROWN

BLACK

URBAN INSTALL

From ballasting, to eye bolting, to floating poles; Stretch & Tents have the skillset to fit the urban environment.

Here are some examples of a rooftop rig, rigging over an obstacle, eyebolting to a house and ballasting.

WEATHERPROOF, WIND & FIRE RESISTANT

Our stretch tent manufacturers have worked hard to research, develop, and manufacture a fire retardant stretch fabric that will ensure your safety in the event of an accident. All our tents are certified fire retardant to EU and British Standards (BS7837:1996). They can withstand winds of up to 42 mph, compared to standard marquees which withstand approx 30 mph.

PRODUCTION

LIGHTING

Festoons

Uplighters

Disco lights

Flood lights

Fairy lights

Uplighting, festoon lighting and fairy lights can all be used to create the right balance of bright and intimate for your reception. Bolder lighting, like uplighters and floodlights, are great for adding colour inside the tent without too much illumination.

Festoons are great for cool, rather than cold nights, when you have open tents and want a more relaxed feel. You can even include fairy lights in tent corners with soft seating like large cushions and throws, to give guests places to rest up before rejoining the festivities.

OAK PARQUET DANCEFLOOR

We have several sizes of oak parquet dancefloors.

Popular sizes:

12x12ft
15x15ft
18x18ft
21x21ft

STEEL DECKING

Raised steel panels can be carpeted. Great for staging.

COCONUT

Our most popular flooring. A durable matting with a rough finish.

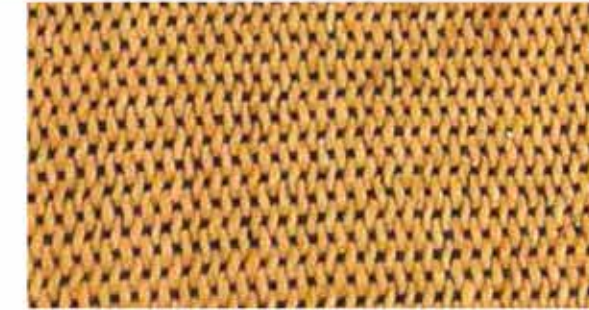

RUSTIC WOOD

Raised wooden panels. Our most stable flooring.

BLACK & WHITE DANCEFLOOR

Checkered, black and white dance floors.

DANDY DURA

A woven plastic alternative to coconut matting. Better for wet conditions.

CORD CARPET

Durable with a slightly more luxurious feel; available in a range of colours.

HARD PLASTIC

Can be carpeted, great for catering tent use.

HEATING

PATIO HEATERS

Free-standing, gas powered patio heaters. Suitable for inside or outside the tent.

BLOW HEATER

A powerful, indirect heater which will quickly heat a stretch tent.

DIESEL INDIRECT BLOW HEATER

Second indirect heater option.

FILAMENT HEATER

Mountable filament heaters with infrared heat

FURNITURE

FOLDING WOODEN CHAIRS

Comfortable and colour tone matches the wooden poles and coconut. Dress chairs with our creamy seat pads.

TRESTLE TABLE

Standard Rectangular trestle tables, great for banquets. Popular sized 6ft x 2ft 6".

RUSTIC TABLE

Rustic wooden trestle tables, undressed or dressed, sturdy and a premium product. 2m and 3m lengths available 900cm width

FURNITURE

CROSSBACK CHAIRS
Popular style chair with crossback bracing.

ROUND TABLES
Multiple sizes which seat from 6 up to 12 guests. Ranging from 3 ft up to 6 ft in size.

CHIAVARI
A sturdy banqueting chair with pads, popular with weddings.

FURNITURE

SOFA SET

Go for a classic outdoors sofa set in any shade or style; here we showcase a classic grey cube set great for a lounge themed party. Our in house team can source different variations of sofa sets so let us know what you are looking for.

RATTAN SOFA SETS

Ergonomic sofa sets suitable for a variety of arrangements and styles.

FURNITURE

ROUND WOODEN

A large bar which can either come in sections or as a full 4m circle with backbar.

WHITEWASH WOODEN

A simple, rustic wooden bar with a whitewashed finish.

BARREL CHAIRS

Comfortable arm chairs made from authentic whiskey barrels.

VINTAGE CRATES

A metal topped vintage bar made from vintage wine crates 1.8m width.

FURNITURE

BENCHES

Beer Bench or picnic style setup

PALLET CHAIRS

Tables and chairs made from pallets with cushions.

S&T are on hand to help you choose the best production items, type of chairs, lighting and event prop choices, we can help bring everything to life.

From site surveys, floor plans, stock planning, onsite venue management, we will be a friend for life!

STYLING

STYLING

Stretch & Tents offer full event styling packages. We cater for a huge variety of events with our own in house production designers, personal event planners and tailored photography packages. We have the right style to make your party stand out this season.

STYLING

We offer a themed styling service or individual prop hire, enabling you to build your own collection and look.

We can help with your full dining wedding setup, smaller intimate Moroccan themed private parties, we have a team of designers who can create the perfect atmosphere for your event.

PREMIUM PAGODAS

WEDDINGS

Weddings are a key part of what we do. Our in house team of creative designers will inspire you; our range of production is our niche! We are a one stop shop ready to cater to the majority of your needs.

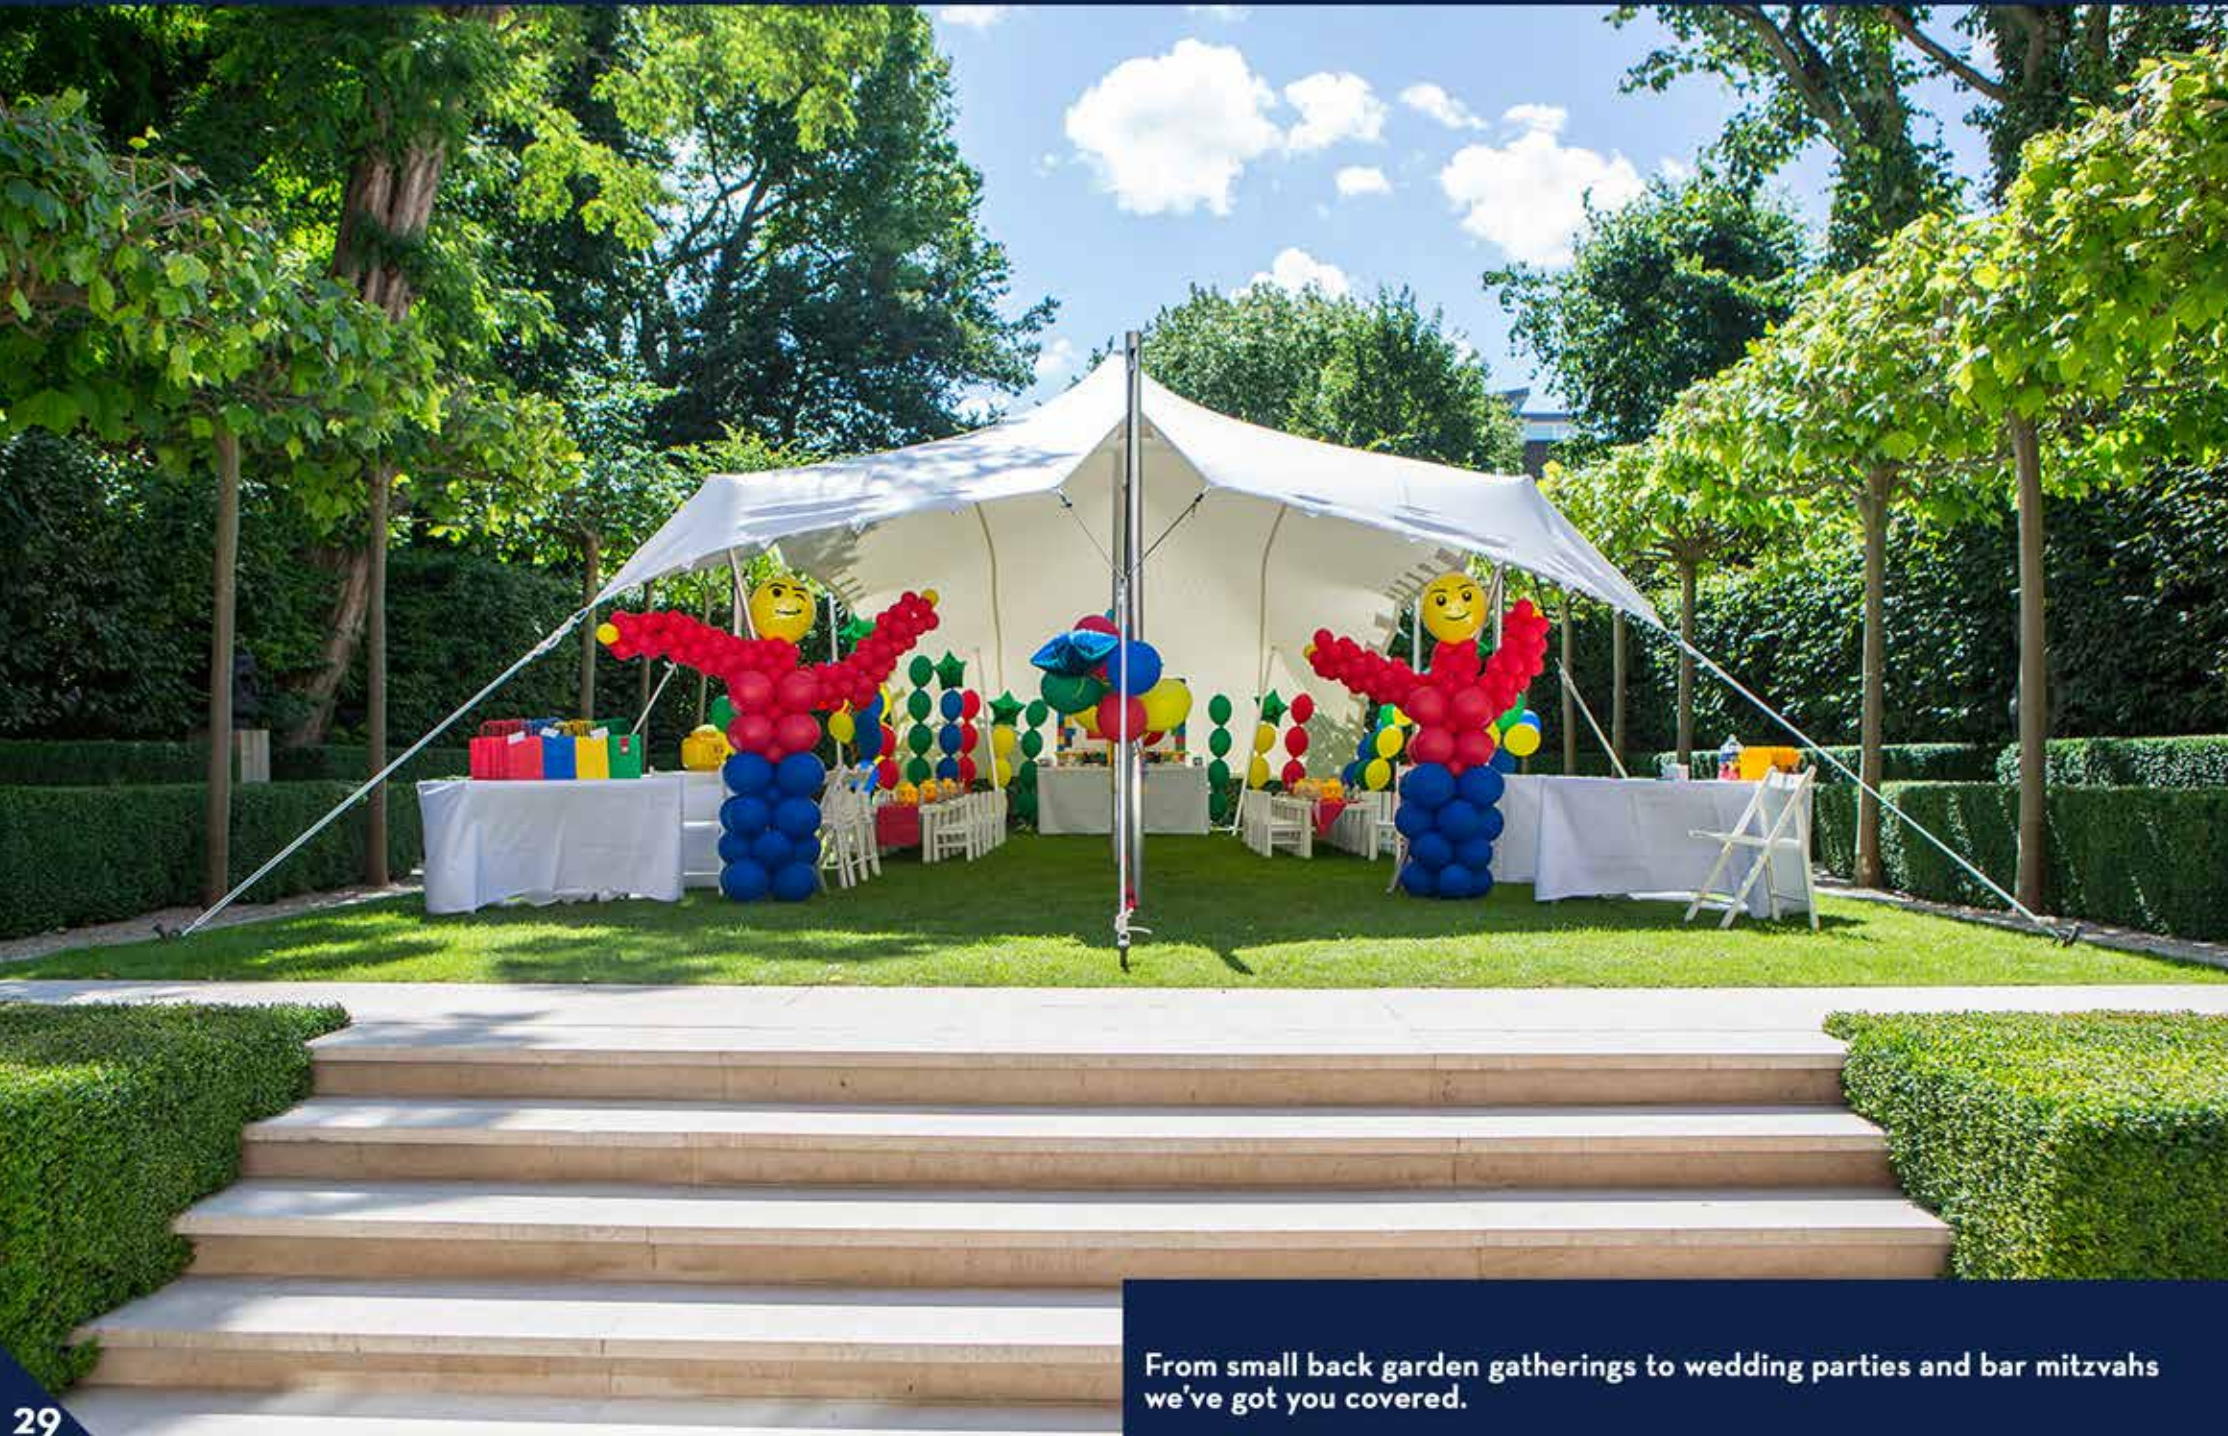

At Stretch & Tents we can help you create a unique event space for your corporate event; in contrast to the uninspiring frame structure experience. We understand the importance of delivering under challenging time frames and satisfying your clients. From fast paced inner city events, to quieter countryside landscapes, our team have the experience to deliver your concept.

PRIVATE PARTIES

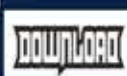

From small back garden gatherings to wedding parties and bar mitzvahs we've got you covered.

FESTIVALS

From small brand activations to entire festival cover, we keep you bone dry throughout adverse weather conditions. Wellies at the ready, we've got you covered!

HOW LONG CAN I HIRE THE TENT FOR?

Our standard hire period runs for three days, but this is very flexible. If you wish to have your tent installed earlier to provide you with more time to set up, then we will happily accommodate. We also offer long term hire and a stretch tent management package where you purchase a tent which we install, store and maintain full time.

CAN STRETCH TENTS HAVE SIDES?

This depends on how the tent is set up. Stretch Tents can be pitched with sides down or up, depending on how you envisage the tent being used and, probably, the weather. Having the sides down means that you lose a bit of usable space on the inside, but obviously does make a lot of difference to the temperature inside the tent. We can provide stretch tent material sides and lycra if you want to have canvas cover to the ground.

HOW DO I BOOK A SITE SURVEY?

Please contact us today to request a site survey. We offer a free service to most areas, however we offer our site survey service all over the UK. They are no obligation and we offer this service so that you get the best sized stretch tent for the occasion.
